\*A charitable tax receipt will be provided by the **Canadian Mental Health Association Calgary** for this event for the amount paid for registration, minus the advantage received. The advantage is defined by the Canada Revenue Agency as any direct benefit received as a result of a donation. In this case, the advantage includes accommodation, food, guiding, prizes, swag etc. The CRA requires charitable organizations to calculate the amount of the advantage and subtract it from the donation (or event registration fee). The advantage is calculated by adding up totals for each benefit, and dividing that number by the number of participants.
